DETAILED ACTION

Claim Objections

1. Claims 4-16 and 22 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim *cannot depend from any other multiple dependent claim*. See MPEP § 608.01(n). Accordingly, the claims have not been further treated on the merits.

Allowable Subject Matter

2. Claims 1-3 and 17-21 are allowed.

The following is an examiner's statement of reasons for allowance:

The cited prior art does not disclose nor suggest the bushing is designed as a channel (40), in which there is provided a detection apparatus (70) for detecting a gas stream flowing in the channel (40) on account of different pressures prevailing in the chambers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such

submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
